### Pfun Facts

We are home to the only water park in Austin. That is until the end of the year when Kalahari waterpark and resort opens in Round Rock. It is said to be one of the largest indoor waterparks in the Country!

## Hey there!!

Well, it's been a couple of months since my last report and we have been from social distancing of six feet, to stay in your homes, now to a soft opening of the city. It has been bitter sweet for us. On one hand, the family time has been transformational!

I have spent more time in discipleship of my wife and kids than ever in my life. I have grown closer to Christ and been able to hear His voice clearer than I have in years!

On the other hand, it has had a more negative effect on our Church. We will see if the social distancing and lack of physical gatherings will have caused some to fade. One of our Lifegroups has struggled to meet on Zoom and most of the people in that group have stopped meeting.

Please pray for the Church as we reopen our physical Worship gatherings and Lifegroups in June. My hope is that God will help us bounce back from the pandemic stronger.

On a more positive note Jason Dendy, a friend from Eldorado, Arkansas will be moving to Pflugerville in a few weeks. He is a member of Gethsemane Baptist Church. We have become good friend over the past couple of years and he

feels God has led him to our area first with a new job, and secondly to come and help with the Church. I look forward to having him with us and pray that God will use him mightily in the work here in Pflugerville.
